Answers of MCQ

Subject: Mathematics Class: IV

Date: 04.05.20 Day: Monday

1 .d) 704903 [As this is the sum of given numbers]

2. b) 37400 [skip counting by 100, 37300+100 =37400]

3. c) 300 [Place value = digit x place = 3 x 100]

4. b) 7000+800+ 40+ 2 [As place value of the digits are added]

5. a) 469 [479 -10 =469]

Date: 05.05.20 Day: Tuesday

1. d) 50000 [Place value = digit x place = 5×10000]

2. c) 68029 [As this is the sum of given numbers]

3. d) 6 [As number of digits is 6 in the given number]

4. c) 600 +60 +9 [As place value of the digits are added]

5. b) 430362 [Skip counting by 1000, 429362+ 1000 =430362]

Date: 06.05.20 Day: Wednesday

1. b) 3003 [3000 +3 =3003]

2. d) 9205 [As this is the sum of given numbers]

3.a) 34427	[If order of the numbers is changed, sum remains same]
4. d) 30000 + 2000 + 2	[As place value of the digits are added]
5. d) 891	[900 – 9 =891]
Date: 07.05.20	Day: Thursday
1. b) addend	[According to definition of addend]
2. d) 450	[If group of the numbers is changed, sum remains same]
3. a) after	[As successor is the next number of a given number]
4. c) 5 thousands.]	[Those places are ones, tens, hundreds, thousands and ten
5. b) 72983	[72984 -1= 72983]
Date: 08.05.20	Day: Friday
1. c) 0	[Any number – 0 = number itself]
2. a)69286	[Any number – number itself = 0]
3. b) difference	[According to definition of difference]
4.c) 5292 decreased by 1]	[If 100 is subtracted from a number, hundred place will be
5. a) 6296 1]	[If 10 is subtracted from a number, tens place will be decreased by
Date: 09.05.20	Day: Saturday
1. d) 75632	[Any number – number itself = 0]
2. a) 0	[Any number – 0 = number itself]
3 a) 6851 decreased by 1]	[If 100 is subtracted from a number, hundred place will be
4.b) 44392 decreased by 1]	[If 1000 is subtracted from a number, thousand place will be

5.b) subtraction [According to definition of difference]

Answer key with explanation

STD: IV SUBJECT: EVS

DATE: 04.05.2020 DAY: MONDAY
