**Read the passage and answer the questions that follow.**

Andy the astronaut was getting ready for his first flight into space.

He had put on his spacesuit and his helmet .He climbed into the rocket and sat down at the controls.

The first job was to check all the instruments, which he did very carefully .He then spoke to the control tower and told them he was ready for lift - off .He heard the engines start. Lights started flashing on the control board .

Suddenly, he was off . With a huge powerful push, the rocket left the ground and flew up and up into the sky .Andy looked out of the window .He could see the Earth below him .It looked like an enormous blue and green ball .Andy could relax now ,the dangerous lift- off was over. He felt excited and was looking forward to the rest of his trip.
