व्याख्या - गद्यांश के आधार पर दुर्घटना में दो बच्चों के तत्काल मृत्यु हो गयी ।

---

उत्तर कुंजी

विषय – संस्कृत कक्षा - छः

दिनांक - 26 /5 /2020 D B A - 31

प्रश्न 1) क यह

व्याख्या - संस्कृत भाषा में एषः सर्वनाम का अर्थ यह होता है ।

प्रश्न 2) क द्विवचन

व्याख्या - गजौ का अर्थ दो हाथी होता हो अतः यह द्विवचन है ।

प्रश्न 3 ) ग पंचमी / एकवचन

व्याख्या – वृक्ष शब्द पंचमी एकवचन में वृक्षात् होता है अतः यह सही है।

प्रश्न 4 ) ग नपुंसकलिंग

व्याख्या - संस्कृत भाषा में पुस्तक शब्द नपुं० है न स्त्री० अतः यह नपुं० है ।

प्रश्न 5) घ कमलानि

व्याख्या – विकसन्ति क्रिया के साथ कमलानि बहुवचन का रूप सही विकल्प है ।

दिनांक :- 27 /5 /2020. D B A - 32

प्रश्न 1) ख एतौ

व्याख्या - एतद् सर्वनाम शब्द का रूप एक वचन में एषः तथा द्विवचन में एतौ होता है अतः यह सही है

2) ख बहुवचन

व्याख्या – चटकः एकवचन चटकौ द्विवचन तथा चटकाः बहुवचन है, अतः ख उत्तर सही है ।

3) ख सप्तमी / एकवचन

व्याख्या – तडाग शब्द का रूप सप्तमी एकवचन में तडागे होता है अतः सही है ॥

4) क स्त्रीलिंग

व्याख्या – मधुमक्षिका आ से अंत होने वाला शब्द है अतः स्त्री० है ।

5) घ सन्ति

व्याख्या – संस्कृत भाषा में जैसा कर्ता वैसी क्रिया होती है , बहुवचन के साथ बहुवचन अतः घ सही है।

दिनांक :- 28 / 5 /2020. D B A - 33

प्रश्न 1) ख एषः

2) क एषा

3) ग सा

4) क ते

5) घ ता:

व्याख्या - संस्कृत भाषा में कुछ सर्वनाम शब्द हैं जो संज्ञा के स्थान पर प्रयुक्त होते हैं ,यथा तत् एतत् इदम् आदि विकल्प के उत्तर में सर्वनाम शब्द हैं जो क्रिया तथा संज्ञा के अनुसार सही हैं ।

दिनांक - 29/5/2020. D B A - 34

प्रश्न 1 ) क देवेषु

व्याख्या – अधिकरण कारक में सप्तमी विभक्ति लगती है , जिसका चिह्न होता है में ,पर देवेषु का अर्थ भी देवताओं में ,पर होता है अतः विकल्प क सही है ।

2) ख आकारांत स्त्री०

व्याख्या – आ से अंत होने वाले शब्द आकारांत होते हैं ,अतः अतःख विकल्प सही है।

3 ) ग तृतीया

व्याख्या – संस्कृत व्याकरण के अनुसार देवैः तृतीया विभक्ति का बहुवचन रूप है ।

4 ) क दो फल में ,पर पे

व्याख्या – फलयोः सप्तमी विभक्ति का द्विवचन रूप है ,जिसका चिह्न में ,पर होता है अतःक उत्तर सही है ।

5) घ पंचमी वि० / एकवचन

व्याख्या - फलात् का अर्थ है एक फल से तथा यह फल शब्द रूप का पंचमी /एकवचन का रूप है ।

दिनांक -- 30 /5 / 2020 D B A - 35

प्रश्न 1) क रसना

2) ख जनकः

3) ग उदकम्

4) क उद्यानम्

5) अश्वः

व्याख्या – हिन्दी तथा संस्कृत भाषा में समान अर्थ वाले शब्द समानार्थी या पर्यायवाची कहलाते हैं,उत्तर में दिए गए सभी विकल्प पर्यायवाची हैं और सही हैं

**Daily Basis Assignment 31 to 35**  
**Answer with explanation**

Class: - 6<sup>th</sup>

Subject: -Chemistry

**\*Assignment-31 ( Tuesday / 26-05-2020 )**

1. (c) **Diamond** ( It is the hardest natural substance. )
2. (d) **Ornament** ( Made by metal. )
3. (c) **Cotton** ( Its density is lower than water. )
4. (a) **Wood** ( Molecules of wood do not mix with water molecules. )
5. (d) **Toy** ( Generally toys made by plastic. )

**\*Assignment -32 ( Wednesday / 27-05-2020 )**

1. (c) **Opaque** ( Light rays do not pass through cardboard. )
2. (a) **Transparent** ( Statement ) ( Light is passing through it. )
3. (c) **Iron, Gold** ( Both are metals and metals are shiny appearance. )
4. (b) **Water, Air** ( Both are made by nature. )
5. (b) **Cotton, Wool** ( Both have lesser density than water. )

**\*Assignment -33 ( Thursday / 28-05-2020 )**

1. (c) **Opaque** ( It means light is not pass through it. )
2. (c) **Stone, Brick** ( Both are rigid among the options. )
3. (a) **Two** ( Statement )
4. (d) **Soft** ( Statement )
5. (b) **Soluble** ( All are dissolve in water. )

**\*Assignment -34 ( Friday / 29-05-2020 )**

1. (d) **Soluble** ( Statement )
2. (b) **Metals** ( Metals are hard and rigid to made these objects. )
3. (d) **Glass** ( Glass is transparent material. )
4. (c) **Plastic** ( Generally plastic is used to made such objects. )
5. (b) **Eatables** ( Apple, Sugar, Water all we eat in our daily life. )

**\*Assignment -35 ( Saturday / 30-05-2020 )**

1. (a) **Wood** ( Wood is a material, which is use to made table, chair, bed generally. )
2. (c) **Hydrilla, Fish** ( Both are living things. )
3. (c) **Brick, Stone** ( Both have no-life. )
4. (d) **Plants** ( All are example of plants. )
5. (b) **Non-living things** ( All are examples of non-living things because life is not present in them. )

**Answer to Assignment/class 6 Biology/26/5/2020**

- 1) A  
Explanation:- Haemoglobin is present in Red blood cells to carry oxygen.
- 2) C  
Explanation :- All the fresh fruits and vegetables contains some vitamin C.
- 3) A  
Explanation :-Haemoglobin carries oxygen from the lungs to the body parts.
- 4) A  
Explanation:-Roughage provides bulk to the food,keeps the food and waste matter moving along the intestines and help to prevent constipation.
- 5) B  
Explanation:-It is the definition of constipation.

**Answer to Assignment/class 6 Biology/27/5/2020**

- 1) B  
Explanation:-Vitamin A,D,E and K are soluble in fats.
- 2) B  
Explanation:-Beriberi is caused due to lack of vitamin B.
- 3) A  
Explanation :- Vitamins are protective foods and are required by the body in small quantities.
- 4) A  
Explanation:- Nuts are rich in fats.
- 5) B  
Explanation :-Water helps to transport nutrients in the body.

**Answer to Assignment/class 6 Biology/28/5/2020**

- 1) B  
Explanation:- Our body can prepare Vitamin D and K.
- 2) A  
Explanation:- ORS is given to maintain the loss of water from the body.
- 3) D  
Explanation:-The symptom of Rickets is bow legs(bent legs).
- 4) A  
Explanation :- It is the definition of dehydration.
- 5) A  
Explanation :-Sodium helps to maintain fluid balance in the body.

**Answer to Assignment/class 6 Biology/29/5/2020**

- 1) A  
Explanation: Water melon contains a lot of water.
- 2) D  
Explanation:-Phosphorus is needed for strong bones and teeth in addition to calcium.
- 3) B  
Explanation :-The skin of most fruits and vegetables contains Vitamins and Minerals.
- 4) A  
Explanation:-Butter contains fats and can be easily rubbed on a piece of paper.
- 5) A  
Explanation:-Glucose is a simple carbohydrate and provides quick energy to the body.

**Answer to Assignment/class 6 Biology/30/5/2020**

- 1) B  
Explanation :-The inability of a person to see in dim light is called Night blindness.
- 2) A  
Explanation:-The condition when people do not get enough to eat and the body does not get sufficient nutrient then that condition is known as malnutrition.
- 3) D  
Explanation :-Fats provide more energy and it is stored in the body to provide energy when required.
- 4) B  
Explanation :-The plant cell wall consists of cellulose.
- 5) A  
Explanation:- Birds or fowl kept for meat and eggs are called poultry.

## Daily basis assignment's answer

### Class-6

### Maths

**Date:- 26/05/2020**

1. Ans:- d. 7 zeroes. ( Ten million=10,000,000)
2. Ans:- c. 10
3. Ans:- b. 0
4. Ans:- c. 41
5. Ans:- d. 3,5 ( 3 and 5 are prime numbers and they differ by 2)

**Date:- 27/05/2020**

1. Ans:- d. 3
2. Ans:- a. XXXX ( No Roman numeral can be repeated for more than 3 times)
3. Ans:- c. XLVIII
4. Ans:- d. 90000 ((greatest 5-digit number – greatest 4- digit number = 99999-9999 =90000))
5. Ans:- 97

**Date :- 28/05/2020**

1. Ans:- d. 11,13 ( 11and 13 are prime numbers and they differ by 2)
2. Ans:- d. 12  
( as  $a \div 4 = 3$  so,  $a = 3 \times 4 = 12$ )
3. Ans:- c. 2
4. Ans:- c. 101 ( smallest 3-digit number=100 so, successor of 100=  $100+1= 101$ )
5. Ans:- d. 10234

**Date:- 29/05/2020**

1. Ans :- c. CDLXXIX (  $479 = 400+70+9 = CD+LXX+IX = CDLXXIX$ )
2. Ans:- d. 47
3. Ans:- c. 65124 (as student multiplied 7236 by 65 instead of 56  
Hence Increase in multiplier  
 $= 65-56 = 9$   
So, increase in the product=  $7236 \times 9 = 65124$ )
4. Ans:- d. 1100 (  $1238 = 1200$   
 $\underline{127 = - 100}$   
1100)
5. Ans:- b. 1

**Date:- 30/05/2020**

1. Ans:- a. 1 and 0
2. Ans:- c. 30000 (  $313 \approx 300$   
 $87 \approx \times 100$  Estimated value of  $313 \times 87 = 30000$ )
3. Ans:- b. 49= IL (  $49 = XLIX$ )
4. Ans:- d 1
5. Ans:- c. 1 ( because 1 doesn't have two distinct factors)

## **Daily Basis Assignment's Answers**

**Class - 6**

**Sub-SST**

**Date[26/5/20]**

**1.(b) Latitudes**

**Explanation:-** Latitudes run Parallel to the equator and it helps to measure how far north or south an object or place on the earth is from the equator.

**2. (b) Meridian**

**Explanation:-** Longitudes are also called meridians which means mid-day because all the places on the same longitude have their mid-day or 'noon' at the same time.

**3. (a) West to east**

**Explanation:-** Anti-clockwise direction means west to east. All the planets rotate on its own axis from west to east except Venus and Uranus.

**4. (c) equal**

**Explanation:-** All the longitudes pass through both the poles and are of equal length.

**5. (d) 0 degree**

**Explanation:-** The equator is the starting point for measuring latitudes, so it is considered 0 degree latitude.

**Date[27/5/20]**

**1.(c) grid**

**Explanation:-** The latitudes and longitudes together on a map or globe, make a network comprising of intersecting lines. This is called a grid

**2. (b) 24**

**Explanation:-** The world has been divided into 24 different time zones and all countries have adjusted their time according to these time zones.

3. (a) Northern hemisphere

**Explanation:-** The Tropic of cancer is in the Northern hemisphere and on 21<sup>st</sup> June the sun's rays fall directly over the Tropic of cancer.

4. (b) earth

**Explanation:-** A globe is a small scale three dimensional model of the earth.

5. (b) three

**Explanation:-** On account of vertical and slanted rays of the sun the earth is divided into three heat zones:--Torrid.Temperate and Frigid zone.

**Date[28/5/20]**

1.(b) sphere

**Explanation:-** For a long time,people believed that the earth was flat,until it was proved that the earth was actually not flat but a sphere.

2.(c) Southern

**Explanation:-** The Antarctic circle is located in the Southern hemisphere and it is also referred to as a polar circle.

3. (d) Greenwich near London

**Explanation:-** The prime meridian is the imaginary line used to indicate 0degree longitude that passes through Greenwich.It is also known as Greenwich meridian Time.

4. (a) poles

**Explanation:-** The axis of the globe and the points where the needle touches the globe on both sides represent the North pole and the South pole.

5. (b) 360

**Explanation:-** Lines of longitudes are known as meridians and there are 360 meridians on the globe.

**Date[29/5/20]**

1.(b) Torrid

**Explanation:-** Torrid means 'hot'. This zone receives direct rays of the sun and remains hot throughout the year

2. (a) poles

**Explanation:-** The Frigid zone lies near the poles and coldest zone of the earth.

3. (c) Norway

**Explanation:-** The 'Midnight sun' is a phenomenon which occurs during mid summer in polar regions and Norway is in North Frigid zone from where the midnight sun is clearly visible.

4. (c) direct

**Explanation:-** The equator is at a 0 degree latitude and receives direct sunlight throughout the year.

5. (b) Indian Standard Time

**Explanation:-** The full form of IST is Indian Standard Time.

**Date[30/5/20]**

1.(a) Africa

**Explanation:-** In Africa all the three latitudes Tropic of cancer, Tropic of Capricorn and equator are passes here.

2.(b) eight countries

**Explanation:-** The Prime meridian goes through eight countries. They are UK, France, Spain, Algeria, Mali, Burkina Faso, Togo and Ghana.

3. (d) equator

**Explanation:-** Equator is an imaginary line which passing through the centre of the earth and divides the earth into two equal parts:- Northern and Southern hemisphere.

4.(b) North pole

**Explanation:-** The direction North or south of the equator is indicated by adding the letter 'N' or 'S' after the degree as per the location. Hence, the North pole is said to be at 90 degree N.

5. (d) parallel

**Explanation:-** The east-west line on the globe are also called lines of latitude or the parallels of latitude. They are all parallel to the equator.

# ANSWERS OF DAILY ASSIGNMENT

SESSION-2020-21

COMPUTER

CLASS – VI

REVISION (CH-1& CH-2)

SUBJECT – COMPUTER

---

**Note:** Correct answers of the following questions are highlighted with parrot green color.

---

**DATE: 26.05.2020(TUE)**

1. The Language which is very tedious and time consuming method of programming is \_\_\_\_\_.
  - a) Machine Language
  - b) Human Access Language
  - c) Computer Language
  - d) None of these

**Explanation** - Machine language is difficult to read and write, since it does not resemble conventional mathematical notation or human language, and its codes vary from computer to computer.

2. Can we open two windows side by side at a time?
  - a) Yes
  - b) No
  - c) Both of these
  - d) None of these

**Explanation-** Yes windows give us the option of using two or more applications windows at a time. To do so we need to follow some steps only.

3. Which language is closely resembles human speech?
  - a) Assembly Language
  - b) Machine Language
  - c) Natural Language
  - d) None of these

**Explanation** - The fifth-generation languages, or 5GL, are programming languages that contain visual tools to help develop a program and are also called as Natural Language. They closely resemble human speech.

4. Which of the following features allows us to make the opened Windows transparent to make the desktop visible?
  - a) Aero peek
  - b) Taskbar
  - c) Jump list
  - d) None of these

**Explanation** - Aero Peek, also called Show Desktop, is a feature introduced in Windows 7, and available in Windows 8 and Windows 10. It allows the user to view their desktop by placing (and not clicking) their mouse over Aero Peek in the far right-side of the taskbar. Basically it allows us to make the opened Windows transparent so that we can see the desktop.

5. Which language used numeric operation codes and symbolic address?
- a) **Assembly Language**
  - b) Machine Language
  - c) Natural Language
  - d) None of these

**Explanation**—In Machine language, the numeric codes for the operations that a particular computer can execute directly. The codes are strings of 0s and 1s, or binary digits called as bits.

**DATE: 27.05.2020 (WED)**

1. Disk \_\_\_\_\_ is used for reading errors.
- a) Cleanup
  - b) **Scanner**
  - c) Defragmenter
  - d) None of these

**Explanation** - Disk Scanner is a utility to read for errors in order to optimize the performance of the system.

2. \_\_\_\_\_ consists all the symbols, characters and usage rules for communicating with computer.
- a) Machine Language
  - b) Human Access Language
  - c) **Computer Language**
  - d) None of these

**Explanation** - Computer languages are basically the languages that are used to write some instructions or code to execute or to do some tasks. They consist of symbols, characters and usage rules for communicating with computer.

3. A Sound Card can also refer as \_\_\_\_\_.
- a) Expansion card
  - b) Integrated Circuit
  - c) **Both of these**
  - d) None of these

**Explanation** - A Sound card (also known as an audio card) is an internal expansion card or Integrated Circuit that provides computer to produce sound that can be heard by the user either over speaker or headphones.

4. Which generation languages are designed to run a program on a number of computers?
- a) 4<sup>th</sup> generation Language
  - b) **3<sup>rd</sup> generation Language**
  - c) 5<sup>th</sup> generation Language
  - d) None of these

**Explanation** - Third generation languages, also known as high-level languages are designed to run on a number of different computers with few or no changes.

5. Windows \_\_\_\_\_ software allow a user to exchange e-mails and browse the internet.
- a) Media Player
  - b) **Mobile**
  - c) Search Tool
  - d) None of these

**Explanation** - Windows Mobile is quite advanced software that allows a user to exchange e-mails and browse the internet. It works according to place, time and nature of work.

**DATE: 28.05.2020(THUR)**

1. Which generation languages are named as non-procedural languages?
- a) **4<sup>th</sup> generation Language**
  - b) 3<sup>rd</sup> generation Language
  - c) 5<sup>th</sup> generation Language
  - d) None of these

**Explanation**—A non-procedural language is a computer language that does not require writing traditional programming logic. It is also known as a "declarative language," where users concentrate on defining the input and output rather than the program steps required in a procedural programming language.

2. \_\_\_\_\_ is a program that rearranges the files stored in a hard disk.
- a) Disk Cleanup
  - b) Disk Scanner
  - c) **Disk Defragmenter**
  - d) None of these

**Explanation** - Microsoft Drive Optimizer is a utility in Microsoft Windows designed to increase data access speed by rearranging files stored on a disk to occupy contiguous storage locations, a technique called disk defragmentation.

3. Assembly Languages were developed in \_\_\_\_\_ .
- a) **1950s**
  - b) 1905s
  - c) 1970s
  - d) None of these

**Explanation**—Assembly language development started in the 1950's.

4. To perform a routine maintenance to keep the computer system running smooth and fast we need.
- a) Disk Defragmenter
  - b) Disk Scanner and Disk Cleanup
  - c) **All of these**
  - d) None of these

**Explanation** - We need to perform a routine maintenance to keep the computer system running smooth and fast. To do this task we use some utility software at regular interval they are Disk Defragmenter, Disk Scanner and Disk Cleanup.

5. Fifth generation Languages are designed to make computer \_\_\_\_\_.  
a) Slower  
b) Smarter  
c) Complex  
d) None of these

**Explanation**—Fifth generation languages are designed to make the computer smart and easy to use.

**DATE: 29.05.2020(FRI)**

1. \_\_\_\_\_ allows quick access to current or favourite application.  
a) Search Tool  
b) Taskbar  
c) Menu bar  
d) None of these

**Explanation** - A taskbar is an element of a graphical user interface which has various purposes. It typically shows which programs are currently running. The specific design and layout of the taskbar varies between individual operating systems, but generally assumes the form of a strip located along one edge of the screen. It allows quick access to current or favorite application.

2. Which language is already available for Microcomputers include Clout, Q&A, and Savvy Retriever?  
a) Assembly Language  
b) Machine Language  
c) Natural Language  
d) None of these

**Explanation** - Natural languages already available for microcomputers include Clout, Q&A and Savvy Retriever.

3. Calculator option is available in \_\_\_\_\_.  
a) Accessories  
b) System Tool  
c) Search Tool  
d) None of these

**Explanation:** To open calculator we need to follow the following steps:

**Start** ➡ All Programs ➡ Accessories ➡ Calculator.

4. Which one from the following is used with Database?  
a) Clout  
b) Q&A  
c) Savvy Retriever  
d) None of these

**Explanation**–Savvy Retriever is used with Database.

5. Disk Cleanup option is available in \_\_\_\_\_.  
a) Accessories  
b) **System Tool**  
c) Search Tool  
d) None of these

**Explanation:**To open Disk Cleanup: Driver Selection dialog box we need to follow the following steps:

**Start** ➡ All Programs ➡ Accessories ➡ System Tools ➡ Disk Cleanup

**DATE: 30.05.2020(SAT)**

1. Assembler, Compiler and Interpreter are the example of \_\_\_\_\_.  
a) Computer Language  
b) Programing Language  
c) **Language Translator**  
d) None of these

**Explanation** - Language translator is a program which is used to translate instructions that are written in the source code to object code i.e. from high-level language or assembly language into machine language.

2. Burning means  
a) Copying data from CD into a computer  
b) **Copying data from computer into a CD**  
c) Both of these  
d) None of these

**Explanation** - 'Burning CD' or to "burn" a CD simply means to copy or write information onto a compact disc, or CD. CD drives that are capable to writing CDs will use a laser to "burn" the information onto the underside of the CD and allow it to be read in CD players or CD-ROM drives.
