### PRINCIPAL'S MESSAGE

Dear Parents/Guardians

**"The dreams which are seen by open eyes can mould the lives of an ordinary into an extraordinary."**

We, at Guru GOBIND SINGH PUBLIC SCHOOL, BOKARO ensure high quality education which motivates and empowers our students to be lifelong learners and the productive members of the society. Here education is not just the amount of information that is put into a child's brain but one that caters to the individual needs of our students. We want all our students to achieve their full potential. Our task is to make it possible and our mission is to provide a platform for the same. Success for all students is ensured at our school by the delivery of an enriching child centred, balanced and structured curriculum and a whole school focus on student welfare that focuses on the positive recognition of student achievements.

Teachers here are highly qualified and experienced educators who are committed to supporting each student's learning experience through quality instruction and guidance that addresses the needs of the individual child. Teachers work to provide students with differentiated support that address each student's specific needs both academically and socially.

I, personally believe that an education system that develops the imagination of the child is richer than the one that does not. The imagination is where new ideas are created and progress becomes possible. "Imagination is more important than knowledge" because knowledge is about what we already know, whereas imagination is what moves individuals and cultures forward. Imagination leads to innovation. GGPS, BOKARO will surely give much importance to imaginative and play way methods, especially in Kindergarten. We also do give high priority for our Student's safety. School also initiates the activities that actively promote safe and healthy lifestyle and contribute effectively to sustainability and conservation of our environment.

We firmly believe that the parents are their child's first and most important teacher. Parents play a vital role in the education of their children. We happily welcome all our parents to take an active role in the education of their children and to be the active participants in our school life for the New Academic Session 2023-24 and get to know the staff, especially the child's teachers and assist where you can, so we can work together in the interests of everyone. I am eager to work with our parent community in supporting their children in their education. We always strive to build strong parent teacher relationship which is very important for the academic success of our students. I would like the parents to know that my door is always open to discuss any concerns, questions, or ideas you may have regarding your child's education. I welcome you all to an outstanding learning community where everyone is dedicated to a high standard of excellence. Parents/Guardians can meet the principal on Monday, Wednesday & Friday between 3:00 p.m. to 4:00 p.m.
